at his residence.
E. L. Smith will put a row boat line on
Lake Manawa in a day or so, to run be-
tween Mark's landing and Manhattan
beach, the fare for the round trip to be
25 cents.

A pump has been sunk at Manhattan
beach and a fine flow of elegant pure
water has been obtained, consequently
lemonade drinkers need have no fear of
water being used from the lake.

The Omaha police department pur-
chased a team of matched greys for their
police wagon. The horses, Schuler &
Boley, the well-known horse mart men
of this city, the horses weighing about 1,350
each.

A. C. Dempsey, an experienced St. Joe
manufacturing confectioner, and H. A.
Baird have formed a partnership and
to enter into the wholesale manufac-
turing confectionery business at Baird's
stand, No. 523 Broadway.

Neola is planning for waterworks, now
that the big search has awakened the
people to the necessity of having them.
The estimates of the expense
will soon be made, and if too great, the
town will buy a steamer.

Yesterday afternoon a horse attached
to a spring wagon, the property of a plain-
tiff named John Smith, was running down
Main street, leaving part of the wagon on Main
street and the balance in front of the
Central saloon, but taking the shafts
with him in his flight up Broadway.

The Home of the Friendless has been
sunk with a couple of dollars. The work
done by the New York Plumbing com-
pany at a very low figure, and they also
donated a section of hose. There will
now be no longer any excuse for allow-
ing the children to be filthy and covered
with vermin.

This evening T. Elsworth Beebe, book-
keeper with Clarke Bros. & Co.'s whole-
sale house, of Omaha, is to be united in
marriage to Miss Ella Vesey, of this city,
at the residence of the bride's parents, on
Sixth street. The newly wedded couple
will take up their home on North Four-
teenth street, Omaha.

A Polish family named Olskowitz,
living just inside the city limits on the
Central City road, are suffering from
hunger. There are three children, father
and mother. The father and mother are
hard workers, but cannot find employ-
ment, and the little ones are suffering.
There is a cry for help, and if anyone
is doing some work, and does hard work
when he can get it.

The Lincoln correspondent of the Bee
yesterday gave an account of the hunt
being made for a too much married
man named George E. Gorkow. The
records of this county show that a man
was married here Feb. 27, 1883, to Clara
Frederickson. The parties were regis-
tered as being twenty-one years of age,
and from Pleasant township, Es. Mr. G.
Vaughan, then justice of the peace, per-
formed the ceremony. It now appears
that the fellow loved not wisely, but too
or three as well.

One of the greatest features of beauty
on Oakland avenue is the removal of the
fences and the establishing of open park-
ing. In some cases the weeds are allowed
to grow up a little too rank in front of
unimproved lots, and these should be
taken away with this in mind. The
avenue is indeed a beautiful one, and
those in other parts of the city who are
hesitating about the advisability of re-
moving the unsightly fences, should look
at Oakland avenue and be convinced of the
value of the fact that the fences should go.

Fine pasture, plenty of water and good
attention for 300 head of stock about five
miles north of Broadway and Main street.
Inquire of L. P. Judson, No. 629 Sixth
avenue, or Charles Palmer at pasture on
lime kiln road.

Lively Gun Hunt.
The police have been on the hunt for
two colored men, who were suspected of
being concerned in the recent burglaries
here. An attempt was made the other
night to burglarize the K. C. house, kept
by Mr. Gibson, but the fellows were seen
and fled. They were tracked down the
railway track, and Officer O'Brien, learn-
ing the direction they had taken, started
in pursuit. About twelve miles south of
the city, near Dr. Wall's place, he came
upon them on the railway track, and
called to them to surrender. They did
so apparently willingly, and the officer
was thrown off his guard by the evident
ease with which the arrest was made. He
started to get out his shackles to place
on the wrists of the fellows, when the taller
one of the two, standing behind the
other, pulled a revolver and aiming over
his companion's shoulder, tried to shoot
O'Brien. The weapon missed fire, and
the officer pulling out his gun, attempted
to fire it, but it was too late, when the
colored men started to run, one of them
firing at the officer, who by this time had
got action with his revolver, and as he
chased them he fired four shots. The fel-
lows were running for the thick brush
alongside of the track and one of them
fell as he hit, but scrambled up and got
in the dense thicket with his comrade.
Both men succeeded in getting away, the
brush being so thick that they could not
be seen any distance at all. The farmers
in that vicinity turned out en masse and
tried to find the fellows. Dr. Wall left
his wheat field, Mr. Boyle his threshing,
and others in like manner quit important
work in the fields, and quite a crowd
joined in the hunt, which proved in vain.

A telegram was received yesterday
morning that one of the fellows had been
captured near Pacific Junction, and Chief
Matthews went down there after him.

J. J. Stelter, 500 Upper Broadway, will
not fire it, but it was too late, when the
colored men started to run, one of them
firing at the officer, who by this time had
got action with his revolver, and as he
chased them he fired four shots. The fel-

Lyman For Congress.
The republican congressional conven-
tion yesterday was in one respect a tame
affair, in others very enthusiastic. It was
conceded that the result would be the
renomination of Major Lyman,
and such proved to be the fact.
No ballot was taken, and no other
name ever hinted. It was a foregone
conclusion, but while the convention
lacked the interest which arises from a
contest, it was, nevertheless, very enthu-
siastic, much more so than most conven-
tions whose result is so clearly foreseen.

Colonel Sapp called the convention to
order. Judge Tubbs, of Mills county,
was then selected as temporary chair-
man, but he was excused on account of
temporary illness. Colonel Steiert,
of Harrison county, was then selected. Mr.
Davis, of Shelby, and C. L. Hyde, of
Harrison, were chosen secretaries.

Committees were then chosen as fol-
lows:
Credentials—J. H. Forman, J. A. Nash,
W. J. King, W. W. Hyzer, S. L. Winters,
Chris. Munsinger, S. M. Main, E. A. Con-
signey, C. R. Benedict.

Permanent Organization—John Smull,
C. H. Russell, S. M. Wilson, Geo. W.
Dewey, H. H. Bonney, C. G. Greenwood,
J. E. Wheeler, C. M. Harl, C. M. Rob-
bins.

While the committees were out the at-
tention of the convention was called to
the resolutions passed by the Knights of
Labor in their convention at Atlantic on
June 27. Mr. A. G. Brown, of Missouri
Valley, represented the knights, and in
an earnest speech in behalf of labor ap-
pealed for the co-operation of the repu-
blican party in securing such legislation
as would aid the purposes set forth in the
resolutions, which were read. The
points most important in the resolutions
were:

1. We demand the reservation of the public
lands for actual settlers only, and that all
lands owned by individuals and corporations
be sold to the government, and that the
land be taxed to the full value of cultivated
lands of like character.

2. We demand the immediate forfeiture of
all lands now under grant to corporations or
individuals, the conditions of which have
not been complied with.

3. We demand that on and after 1890 the
government shall obtain possession by pur-
chase at an appraised valuation of all lands
now owned by corporations, and that the
land be sold to the government, and that the
land be taxed to the full value of cultivated
lands of like character.

4. We demand that the government shall
bequeath looking either to the quieting of
the titles of the Des Moines river lands,
or to the settlement of the lands of the
United States to aliens, after said last men-
tioned date, shall be null and void, and lands
so deeded shall revert to the United States.

5. We further demand that some measure
be enacted looking either to the quieting of
the titles of the Des Moines river lands,
or to the settlement of the lands of the
United States to aliens, after said last men-
tioned date, shall be null and void, and lands
so deeded shall revert to the United States.

6. We demand the abolition of the contract
system on national works.

7. We ask for the establishment of a national
monetary system, and a currency, and
medium of exchange, and a system of
banking, and that the government shall
bequeath looking either to the quieting of
the titles of the Des Moines river lands,
or to the settlement of the lands of the
United States to aliens, after said last men-
tioned date, shall be null and void, and lands
so deeded shall revert to the United States.

every kind and nature, and cordially endorse
every proposition looking toward its aboli-
tion.
We favor the reservation of lands for actual
settlement only, and are cordially in favor of
such system of assessment and taxation as
shall compel lands held unproductive for
speculative purposes to bear their just pro-
portion of the public burdens and thereby re-
lieving unjust taxation of those who are add-

of all unearned grants of the public lands.
We are in favor of prohibiting aliens hold-
ing lands, and are in favor of the forfeiture
of the title of such lands as are held
by the general government for actual settle-

an American citizen shall not be included in
such prohibition.
